

Must Put On The Soft Pedal

CHATTANOOGA, July 11.—Chancellor Garvin rendered a decision in an unusual case today when he enjoined the Church of God ("Holy Rollers") from screaming or shouting to an unreasonable extent during its services. The injunction had been sought by the Spears avenue Baptist church and Richard Vandergriff, who lives near the defendant church. The chancellor said that the practice of the churches ought to be divided into two classes, one of which consisted of dancing, jerking and the talk in unknown language.

Witnesses for the church testified to miraculous things which had been accomplished by members while filled with the spirit of the church, such as holding burning coals in the hand and handling poisonous serpents with impunity.

Chancellor Garvin warned the defendants that if their demonstrations were continued to an unnecessary extent that they would have to be enjoined altogether.

68,928 RECRUITS ARE ENLISTED IN U. S. ARMY

KNOXVILLE, July 11.—Col. Wm. A. Kent, official in charge of the Knoxville U. S. army recruiting district, has received an official statement of the results of the recruiting activities in the United States between February 28 and July 3.

The official report of the department shows that a total of 68,928 recruits were enlisted between the dates mentioned.

The Knoxville station furnished 520 of the men recorded during the period. This is considered an excellent record for the local district. The recruiting officers say that the Knoxville district will always contribute a large number of men to the various branches of the service.

BOOST FOR GOOD ROADS

If you want to boost for your town, boost for good roads. They are the best investment in the world. When a stranger comes to town and sees a town with well-kept roads—well oiled instead of hub deep with mud—he knows he is in a good place. He may be looking for a good place to locate, and that very fact may decide the point for him.

Think, too, of the added advantage that good county roads give to the farmer and consequently to the merchant. And when the merchant and the farmer in your town are benefited likewise. Investments that have immediate returns are not always the ones that pay best. Ask the people in any town or community where there roads are in top-notch condition whether or not the investment has paid them. They will probably tell you. If they are honest with themselves and the situation, that the money they invested has brought in 50 per cent interest in added value of their property, added trade to their stores and added self respect to themselves.

Chamberlain's Colic and Diarrhoea Remedy.

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.
